# CHAIR'S REPORT

The end of the financial year is always a good time to reflect not only on the financial health of the Trust, but also the work undertaken in the previous twelve months; assessing our performance against what we said we would do, and considering all the happenings that weren't quite so planned.

In the year from April 2015 to March 2016 we can record we have installed two permanent sculptures and one temporary work on the four plinths, we held an all-day sculpture event in the form of PARKing Day, and a public art talk.

The second of the permanent works was the Trust's 28th sculpture; an impressive body of work by anybody's standards and one that contributes in no small way to the character and vibrancy of our beautiful city.

The thirty-four year history of the Trust is one of establishing good processes, good relationships, and remaining focused on what it is we want to achieve: to enrich Wellington through excellence in contemporary public sculpture. We aim to do this by: commissioning public works of art; encouraging and supporting sculptural practice in New Zealand; raising awareness, understanding and appreciation of contemporary public sculpture; and ultimately making Wellington a better place to live and visit.

The resilience of the Trust can be put down to the continuous review we put ourselves under in terms of learning through our experiences, and giving consideration to the evolving contemporary art landscape. We debate temporary vs. permanent, the place for digital works, the challenge of works designed to be provocative vs. something designed to 'fit in', interactive and performance based works, and the increasing use of landscape art.

There are also much more prosaic discussions about the maintenance issues attached to sound, light, digital work and works with moving parts – all put to the test in our robust environment and highlighted as our works begin to age.

In many ways the work of the past year is a reflection of these debates.

# WALK THE LINE

On 15 April 2015 120 hardy souls braved a cold southerly to unveil Joe Sheehan's work *Walk the Line*.

What a treat it was to be in the redeveloped Cenotaph precinct with its cleared open spaces providing a view through to historic Turnbull House, and an even better view and access to Parliament Grounds.

Difficult to do justice to this work through photography; you need to go and experience the beautiful meandering line of small carved jade discs which run through the site with the sound of the stream coming to you from below ground speakers.

The work is subtle, poetic and in our view perfect for this site of remembrance and contemplation.

For this work I would particularly like to acknowledge the generous support of the Wellington City Council, LT McGuinness, Creative New Zealand, Wellington Community Trust, and Collin Post. We are also grateful for the donations from: Wareham Cameron, Richard Burrell, The Hastings Family, Philip & Eugenie McCabe, Deane Endowment Trust, Wayne Dyer, Jane Kominik, R T Nelson and Ross Steele.

# THE PHILANTHROPIST'S STONE

In August, after three years of planning and work, the sculpture to commemorate and celebrate the prominent Wellington businessman and philanthropist, Thomas George Macarthy took up its position in lower Cuba Street.

A beacon of light, *The Philanthropist's Stone* has commandeered this part of the inner city – at six metres tall with its gold leaf and LED lights it has brought to life this end of Cuba Street.

We've been pleased with the huge numbers of passers-by who stop to read the plaque commemorating Thomas George Macarthy and the work – most take photos as well.

We are very grateful to the T G Macarthy Trust for entrusting us with the task of commissioning this work, and for their patience in the long time frame it takes to commission, design, plan and arrange consents. Particularly in this case where several exploratory missions were undertaken up and down lower Cuba Street to avoid underground utilities.

# 4 PLINTHS 5 SCULPTURE AWARD

In February, to coincide with the New Zealand International Festival of the arts, we installed the 5th 4 Plinths Sculpture Award outside Te Papa.

The temporary work by Tauranga based artist Kereama Taepa named *a (very) brief history of aotearoa* is a mix of history and high-tech, and was 'unveiled' by Arts City Councillor Ray Ahipene-Mercer, a great friend and supporter of the Trust.

The sculpture features four aluminium pieces, one on each plinth, in pixelated space invaders shapes. They show a Māori meeting house representing Māori habitation; a mitre, representing the missionaries and early European settlement; a crown, representing the Queen and the signing of the Treaty of Waitangi; and the Beehive representing our current government.

Today's technology is further conveyed by large QR codes fixed to the outward sides of each plinth. These take the viewer with a smart phone device to a web-based game in the popular space invaders format with icons similar to the sculptures above the plinths.

Chosen from a large number of submissions the artist received an award of \$40,000 to fabricate and install the work.

# PARKING DAY

PARKing Day is an annual worldwide event where artists, designers and citizens transform metered parking spots into temporary public 'parks'.

On Wednesday 9 March, in collaboration with the Wellington City Council and to align with National Walk to Work Day, we took over 17 car parks in the Wellington CBD and turned them into living parks. This was outside of the annual event, normally held in September, but at a more weather friendly time for us down here in the Southern Hemisphere.

Whether it was a 'Pecking Booth' or a space filled with opera music and traditional Māori wind instruments, each park responded uniquely to the ethos of the event and enabled the public to interact with all the works and ask questions about the use of public space.

Again we would like to thank the Wellington City Council and LT McGuiness for their help to make this event the success it was.

# PLIMMER'S ARK WOOD

During the year we signed a memorandum of understanding with the Wellington Museum of City & Sea to begin the process of using the remnant wood from the historic Plimmer's Ark to make an artwork that will be installed on Wellington's waterfront.

More recently we sent out a brief to a number of artists and are now working with one artist to finalise budgets and engineering before we commission a work.

### VISIT TO QUEENSTOWN AREA

In April of this year, on a glorious sunny autumn day, Sculpture Trust members and friends visited several private sculpture collections in the Queenstown-Lake Hayes area and The Hills golf course at Arrowtown, as a fundraising event for the Plimmer's Wood sculpture.

Over the course of the day the party saw many striking works both by New Zealand and international sculptors as well as some fine paintings in host's residences. It was interesting to see how the sculptures had been placed for great visual impact in beautifully landscaped settings.

The day ended with the party buzzing around the beautiful Hills golf course in a train of golf carts to view the sculptures dotted around. With a background of autumn colours and the golden glow of the late afternoon sun it was a wonderful conclusion to a truly memorable day.

# HOOK OF MAUL

The Trust is currently working with the artists and engineers to see whether it is possible to bring this proposal back to life.

# **MAINTENANCE**

# Zephyrometer:

Zephyrometer returned home in May to its rightful place on Cobham Drive, providing tangible evidence of exactly how hard our wind is blowing on any given day.

We thank Phil Price and the Wellington City Council maintenance team for making this happen.

#### Water Whirler:

Much to everyone's relief Len Lye's work, after months and months of being out of commission, was working in the summer. However, there were still teething problems with the way the motors were running and its gyrations were not reaching the same frenzy at the end of the programme. This is being addressed along with the rivets for the water sprays in New Plymouth with the original engineers.

The work has been absent for far too long and nobody will be more pleased than the Trust when it is finally up and running permanently.

# **FERNS:**

We are excited to report that we are dangerously close to commissioning *Ferns II*. Neil Dawson and the engineers have completed a scale model, and engineering drawings have been presented to the Trust and Council for review.

As many will know late in 2015 *Ferns* came down due to a failure in the aging metal. Since that time we have been working assiduously with the Council and artist Neil Dawson to find a way forward. Firstly investigating a long-term fix, but ultimately working on commissioning a new version of *Ferns* that will look as close as possible to the original. This new sculpture will have some design and engineering refinements to avoid metal fatigue on various pressure points in the future.

Currently the original fittings in the Civic Square are being tested to ensure they can accommodate the new work that is made of stainless steel, which is heavier than the original.

There has been a huge amount of interest in the original *Ferns*, but we have put on hold any thoughts about it until we have the commissioning of the new *Ferns* underway. The decision on what happens next will be made following discussions with Neil Dawson and with a view to fundraising for the new work. We have been approaching former sponsors and are delighted to say the ANZ Bank has been the first to put their hand up to help us get *Ferns* back. We hope to have it installed by the end of the year.

# JON CRAIG 28.11.1941 — 16.08.2015

It is with a great deal of sadness that we record the passing of Jon Craig, who died suddenly in August 2015. Jon had been a trustee of the Wellington Sculpture Trust for over seven years and during that time he made a terrific contribution.

A gentle, quiet, intelligent man with a huge interest and knowledge of open spaces and the built environment, along with a contagious enthusiasm for all he embarked upon.

# 2015 ANNUAL REVIEW

Our Annual Review was held on July 2 and was an opportunity for us to review the past year and outline our programme of work for the next 12 months.

At the meeting, held in the Portrait Gallery, we were fortunate to have Judge Arthur Tompkins give a presentation on International Art Crime. His talk was interesting and entertaining and left everyone hungry to know more.

# FINANCIAL STATEMENTS

The statements for the year ended 31 March 2016 are the first annual financial statements prepared in accordance with the new Public Entity Simple Format Reporting. This has meant that our project balance adjustments are done differently from previous years and now need to recognise unused donations with conditions for the first time.

The 2015-16 year's accounts have been prepared and audited, and are included in this report. They show the Trust made a small deficit for the year of \$12,177, however we have accumulated surpluses of \$19,847 and project reserves of \$465,380; we are in excellent shape. Of these project reserves we currently hold \$357,488 in our general sculpture account, known as the 'Henry Lang Account', an incredibly good situation, even after allowing for the final payments for *The Philanthropist's Stone*. A large sum of the project reserves comes from funds moved from our Gateway account, which are earmarked for Council projects. We have additional amounts held in trust committed to various projects which will continue to decline with repayments of the Council's Gateway funds, the next round of the 4 Plinths Sculpture Award, Plimmer's Ark wood project, our next PARKing Day and the contract for *Ferns II*.

I am pleased to report the excellent state of the Trust's finances. The major donors and sponsors who made this situation possible are recorded with thanks elsewhere in this report.

We are grateful for the work of our long-time Treasurer and Honorary Financial Adviser Pat Sheehan from Kendons who did a huge amount of work to present our annual statements in the new format and give us the ability to compare these with our last year's figures. We also thank our Honorary Auditor John Cook from Young & Associates Ltd. in this regard.

# ORGANISATIONAL MATTERS

I would like to record the Trust's appreciation to the Arts Advisers and our honorary advisers for their assistance over the year, and to thank our business supporters who give us invaluable assistance in kind: Printlink, Dunning Thornton, Kendons and Seresin Wines.

I would like to record my thanks to my fellow trustees and to Jhana Millers, our office administrator, without whom it would be very difficult for the Trust to achieve as much as it does.

During the year we had to farewell Helen Cull QC as a trustee as she took on more onerous legal tasks, however since then we would also like to congratulate her on being appointed to the bench of the High Court.

During the year we published two eNewsletters and two hard copy newsletters in an effort to keep our membership and other interested parties up to date with our work and events.

We are grateful to the Council for the ongoing annual grant we receive from the Public Art Fund – in 2015-2016 of \$35,000.

The Trust acknowledges with warm appreciation the continuing support it received, over and above the grant, from the Mayor, Councillors and the staff of several divisions.

We particularly acknowledge the support of Nataša Petković-Jeremić and Eve Armstrong in the Public Arts policy area, Emily Alleyway in Urban Design, and particular thanks to Victoria Bennett in Parks and Recreation who is responsible for the ongoing maintenance of our works.

Finally I would like to thank City Shaper (formerly Wellington Waterfront Ltd) who have not only supported us with the 4 Plinths Sculpture Award and other waterfront sculptures over the years, but have also provided us with our home for the past 12 months.

# **CONCLUSION:**

The Trust is in good shape and good heart thanks to my fellow Trustees, advisers, administrators, artists, friends, donors, sponsors, and last but not least the Wellington public who ultimately become the guardians of our works.

Sue Elliott (Chair) Wellington Sculpture Trust

# Wellington Sculpture Trust's Statement of Service Performance For the Year ended 31 March 2016

# Description of the Entity's outcomes:

The Wellington Sculpture Trust's mission is: To enrich Wellington through excellence in contemporary public sculpture.

To achieve this we commission public works of art; we encourage and support sculptural practice in New Zealand, and we raise awareness, understanding and appreciation of contemporary public sculpture. Our efforts are designed to make Wellington a better place to live and visit.

During the year we had specific outcomes we wanted to achieve: to commission and install a sculpture in the newly developed Cenotaph precinct; to complete the commissioning of a sculpture to commemorate the TG McCarthy Trust's establishment over 100 years ago; install a temporary sculpture on the Four Plinths; run our second PARKing Day event.

# **Description and Quantification of the Entity's Outputs**

2015/16 Budget Last yr Permanent Sculpture: 2 2 0

- April 2015 installed *Walk the Line* by Artist Joe Sheehan in the newly developed Cenotaph precinct.
- August 2015 installed *The Philanthropist's Stone* by artist Scott Eady to commemorate the TG Macarthy Trust.

# Temporary Sculpture:

• February 2016 successfully installed the 5<sup>th</sup> 4 Plinths Sculpture Award work outside Te Papa to coincide with the New Zealand International Festival of the arts.

Event: 2 2 2

- March 2016 successfully held an event that supported local sculpture and art and raised awareness and appreciation in the form of PARKing Day in partnership with Wellington City Council
- A public talk on Public Sculpture at our AGM.

# **Additional Output Measures:**

- We have kept our membership informed through 2x eNewsletters and 2x hardcopy newsletters
- All our works have been fully funded through grants and our own fundraising efforts.
- Our membership base continues to expand.
- We continue to have the support and respect of the Wellington City Council and other stakeholders.

# **Additional information:**

The previous year's activity was largely around the commissioning of the works that were installed in this financial year, as well as the events outlined above.

# Ongoing:

- Since October 2015 we have been working with the WCC to commission a replacement for Neil Dawson's work Ferns in the Civic Square.
- We commenced the process of commissioning a work on Wellington's waterfront using the wood we have acquired from the remains of Plimmer's Ark.
- Organising a fundraising trip to Queenstown to be undertaken in April 2016.
- Working with Wraights and Assoc. and Dunning Thornton engineers to explore the possibility of pursuing the Gateway Project: *Hook of Maui* if it can come in within an acceptable budget.

# Wellington Sculpture Trust Statement of Accounting Policies For the Year ended 31 March 2016

### **Basis of Preparation**

The Trust has elected to apply PBE SFR-A (NFP) Public Benefit Entity Simple Format Reporting - Accrual (Not-For-Profit) on the basis that it does not have public accountability and has total annual expenses of equal to or less than \$2,000,000 for the last two annual reporting periods. This is the first year of its adoption in light of the requirements of the Charities Act 2005. It previously followed NZ GAAP and the comparative numbers have been restated. All transactions in the Performance Report are reported using the accrual basis of accounting. The Performance Report is prepared under the assumption that the Trust will continue to operate as a going concern in the foreseeable future.

#### Revenue

Revenue is accounted for as follows:

#### Membership income

Fees and subscriptions received in exchange for invitations to sculpture openings and newsletters are recognised as revenue when cash is received.

# Grants, Donations and Fundraising

Grants, Donations and Fundraising are accounted for depending on whether or not they have a "use or return" condition attached. Where no use or return conditions are attached, the revenue is recorded as income when the cash is received. Where income includes a use or return condition, it is initially recorded as a liability on receipt. The income is then subsequently recognised within the Statement of Financial Performance as the performance conditions are met.

# Interest and dividend income

Interest income is recognised on an accruals basis.

# Other Income

All other income is accounted for on an accruals basis and accounted for in accordance with the substance of the transaction.

# **Income Tax**

Wellington Sculpture Trust is a registered charity under the Charities Act 2005, and is exempt from income tax.

### **Bank Accounts and Cash**

Bank and Cash in the Statement of Cash Flows comprise cash balances and bank balances (including short term deposits) with original maturities of 90 days or less.

# Goods and Services Tax (GST)

All amounts are recorded exclusive of GST, except for Debtors and Creditors which are stated inclusive of GST.

# Wellington Sculpture Trust Notes to the Performance Report For the Year ended 31 March 2016

# Property, plant and equipment

Property, plant and equipment are shown at cost less any accumulated depreciation and impairment losses.

# Depreciation

Depreciation is provided on a straight-line basis on all property, plant and equipment, at rates that will write off the cost of the assets to their estimated residual values over their useful lives. The depreciation rates and useful lives associated with major classes of assets have been estimated as follows:

Furniture and fittings 4 to 10 years
Office equipment 4 to 10 years
Computer equipment and website 4 to 10 years

# **Changes in Accounting Policies**

There have been no changes in accounting policies during the annual reporting period (last year - nil) other than noted above.

# **Note 6 - Commitments**

|   | 2016     | 2015      |
|---|----------|-----------|
| At 31 March 2016 the Trust has contractual commitments with artists | \$38,669 | \$220,353 |

The trust has no other capital commitments.

# Note 7 - Related Party Transactions

There were no transactions involving related parties during the financial year (Last Year Nil).

# Note 8 - Events After the Balance Date

There were no events that have occurred after the balance date that would have a material impact on the Performance Report. (Last Year Nil).

The Wellington Sculpture Trust

#### AUDIT REPORT TO MEMBERS

I have audited the financial report on pages 5 to 14. The financial report provides information about the past financial performance of the Wellington Sculpture Trust and its financial position as at 31 March 2016. This information is stated in accordance with the accounting policies set out on pages 8 and 9.

#### The Trustees' Responsibilities

The Trustees are responsible for the preparation of a financial report which fairly reflects the financial position of the trust as at 31 March 2016 and the results of operations for the year ended on that date.

# Auditor's Responsibilities

It is my responsibility to express an independent opinion on the financial report presented by the Trustees and report my opinion to you.

#### **Basis of Opinion**

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial report. It also includes assessing:

- the significant estimates and judgments made by the Trustees in the preparation of the financial report, and
- whether the accounting policies are appropriate to the Trust's circumstances, consistently applied, and adequately disclosed.

I conducted my audit in accordance with New Zealand Auditing Standards. I planned and performed the audit so as to obtain all the information and explanations which I considered necessary in order to provide me with sufficient evidence to obtain reasonable assurance that the financial report is free from material misstatements, whether caused by fraud or error. In forming my opinion I also evaluated the overall adequacy of the presentation of information in the financial report.

Other than in my capacity as auditor, I have no active relationship with or interests in the Trust.

## Qualification

As with other organisation of a similar nature, control over donations prior to its being recorded is limited and there are no practical audit procedures to determine the effect of this limited control.

In this respect alone I have not obtained all the information and explanations I have required.

In my opinion except for adjustments that might have been found to be necessary had I been able to obtain sufficient evidence concerning donations, the financial statements on page 5 to 14 fairly reflect the financial position of the Trust as at 31 March 2016 and the results of its operations and cash flows for the year ended on that date.

The audit was completed on 1 August 2016 and my qualified opinion is expressed at that date.
